F. GENERAL COMMENTS/COMPLAINTS/SUGGESTIONS

There were a number of useful comments – we appreciate them and we will pass on this information to the next Escape organizers. For those who complained about Hotel Tre Roser, we are sorry to hear that the accommodation was not satisfactory. We have passed the information to Scanticon with whom we had the contract. We were not aware that the quality of Hotel Tre Roser had gone down since we made the contract with Scanticon. Our apologies. Finally, we are happy that a majority of participants and authors were satisfied with Escape-11. In future, we will try our best to reduce the number of unsatisfied participants.
